Product Standards/Buying Procedure

Our Mission Statement:

We aspire to be the heart and soul of the community through a commitment to local and organic food.

Our Business Philosophy:

The success of our markets is determined by customer satisfaction, staff happiness and local community support. We intend to grow our business by offering quality products at fair prices with exceptional customer service.

We examine each product on our shelves for pure, organic ingredients, environmental impact, and assure you that it has met our strict product standards.

We offer a wide variety of bulk goods, ethnic foods and small-batch artisanal items from around the world that are free of artificial colors, flavors, sweeteners, preservatives, and trans fats. At the root of all our foods, you'll find that they have one thing in common: **pure ingredients**:

These same standards are in place for our wide variety of **non-food** items as well. Everyday items such as paper products, light bulbs, detergents and cleaners are chosen based on their safety and environmental impact. We sell light bulbs that use less energy and last longer. Our paper products are made from a minimum of 80% recycled paper and are never whitened with chlorine or bleach. Our cleaners and detergents are non-toxic, typically biodegradable, and made with plant based ingredients. We purchase products that put the environment first.

Food Allergies: We also offer an up-to-date list of nearly all the gluten-free products that we carry, available at the customer service desk. Most of these gluten-free products are given recognizable shelf tags so you can find them easily. At the same time, packaging is required to list if the product was produced in a factory that handles nuts, soy or dairy.

I agree that the above statements are true; I am fully aware of Ellwood Thompson & Dawson's Market's buying procedures and product standards grocery and bulk items. I am also fully aware of Ellwood Thompson & Dawson's Market's list of banned ingredients that is found on the last page of this document.
